News: International Day of Forest

International Day of Forests

- International Day of Forest is celebrated **21st March of every year by UN General Assembly to raise awareness & importance of forests.**
- Also March 21 is the **Equinox day**, where sun lies overhead of Equator.
- Theme for the year and for the year 2024 is “**Forests and innovation: new solutions for a better world**”.
- The International Day of Forests is implemented by **Secretariat of UN Forum on Forests & Food and Agriculture Organization (FAO).**
